Single-wing glass door

double-wing glass door

Membrane Options:

Transparent front (1): White, opaque PVC fabric with detachable, exchangeable clear, transparent front part, our most versatile solution

Blackout (2): White, opaque PVC fabric with detachable, exchangeable white, opaque front part, ideal for darkening out the interior

Transparent membrane (3): Completely transparent PVC cover, ideal for night events, giving you the possibility to create magical light effects

Branded membrane (4): Fully colour printed fabric or printed detachable front part, ideal to put your brand's message across

Open Dome (5): unique 2-in-1 solution that combines the classic Freedom shape with a completely innovative mobile stage system

* Opaque PVC fabric can be replaced with non-opaque, single layer cover, perfect for creative lighting effects visible from the outside
